DESCRIPTION

The Hemn is a delightful residential farm with equestrian and leisure potential. The farmhouse is in need of some updating but offers extremely generous and airy accommodation with original features and also incorporates a self contained apartment.

The modern farm buildings have been well maintained and provide livestock housing and secure machinery and fodder storage.

A traditional brick cow house and granary/feed block has been converted to provide stabling but may also provide some development potential and the equestrian element is further complemented by a purpose built timber stable block and a woodchip arena.

The ring fenced Grade 3 pasture land surrounds the farmstead and within the land are three delightful Carp fishing and wildfowl pools offering additional income potential.

The gardens incorporate lawns, borders, shrubberies, ornamental trees and an old pear orchard with vegetable and soft fruit plots. A large timber framed conservatory/garden room is attached to the gable end of the south wing of the farmhouse and is in need of some repair and beyond is a brick/stone and tile lock-up garden store/workshop.
