HILL HOUSE FARM SALE, FARLOW

Nick Champion Auctioneers report that there was a tremendous turnout from far and wide for the retirement dispersal sale held on behalf of **Walter & Di Link at Hill House Farm, Farlow on Saturday 8th November 2025**. The sale included a New Holland TS 100A and a Steyr 575 with loader both with low hours along with 5 McCormick and International Harvester tractors, a JCB 3CX, all in various stages of repair which prior to the sale were non-runners but all bar the B250 (with a tree growing up through) we managed to get firing up for the sale which also included a highly sought after 2007 Defender 90 hard top with just 43,600 miles on the clock which had been off the road for seven years.

In the tractor lineup, top price was £18,500 for the 2004 New Holland TS 100A with 4425 hours, closely followed at £17,000 for the 2000 Steyr 975 Turbo with Quicke Q720 loader, bought onto the farm new and with just 3,785 hours which was an exceptional price and showed an increase on the new price! The McCormick/IH tractors kicked off at £300 for the B250 non-runner, the two B414's made £400 & £1,050, the 434 £1,500 and the B2275 plant tractor £900, whilst the 1986 JCB 3CX Turbo 4 x 4 Extra Dig made £5,000.

The 2007 Land Rover Defender 90 2.4 TD4, hard top despite having been stood for over seven years was sought by a multitude of bidders and made a magnificent £17,200, the 2006 Freelander Sport TD Auto made £1,800 and the Suzuki Eiger Quad Runner 4 x 4 400 with 5,994 miles on the clock sold at £1,900. Top price in the farm machinery and equipment was £13,750 for the very tidy 2018 McConnel P5570 Power Arm with 5' cut header, the IH 445T baler went to a collector at £1,540, the Conor Grass Topper 9000 made £1,500 and the Welger RP 12S round baler sold at £1,300. Next best was £860 for the Lawrence Edwards Silograb LT10, £820 for an old Ifor Williams P6 trailer and a McConnel 4' cut header for spares sold well at £700. All in all a very good sale throughout with farming buyers in the main holding sway over the trade and the somewhat testing parking conditions did little to deter the buyers or their enthusiasm.
