SITUATION & DESCRIPTION

Ashfield is situated within the Conservation Area in the heart of the picturesque village of Luston. The popular village has a thriving community and benefits from a well-regarded primary school and The Balance Inn has reopened after a major refurbishment serving good food and drinks and is a village hub. The market towns of Leominster, Ludlow and Tenbury Wells are all just a short drive away and offer many facilities, shops and services; and Hereford is also within easy reach. The property is within the Earl Mortimer College secondary school catchment area.

Ashfield is a Grade II Listed detached stone and timber framed house with brick and rendered infill and a slate tiled roof, possibly constructed as early as the 15th Century, and extended in the 17th Century, with some mid-19th Century alterations. The attractive property has been well maintained and forms a comfortable and quirky family home with a wealth of character features including beautiful exposed beams and inglenook fireplaces. The house is attached and connected to a barn of timber elevations under a box profile sheet roof, which has been utilised as studio and office space, and there is scope to create further accommodation subject to structural upgrades and the necessary permissions. The property benefits from a large south facing garden, ample driveway parking space, and a workshop. The property is offered for sale with no upward chain.

ACCOMMODATION

A part glazed door opens into the enclosed porch with a flagstone floor, which in turn has a part glazed door through to the sitting room which has a stone inglenook fireplace with a bread oven (not in use) and woodburning stove, and understairs cupboards. The adjacent snug has a stone inglenook fireplace (not in use), and the dining room has a cast iron fireplace (decorative only). The kitchen has a tiled floor, a range of cream painted pine fitted units incorporating an inset stainless steel sink, an integral electric oven and bottle gas hob, space for a fridge/freezer and plumbing for a dishwasher. The utility room has a flagstone floor, white fitted units incorporating a stainless steel sink/drainage, plumbing for a washing machine and housing for the Worcester boiler. A door leads on through to the attached barn which has a lobby area with a tiled floor, a part glazed door to outside, and a cloakroom with a tiled floor, pedestal basin, wc and understairs storage. There is a further office/store with a door opening onto the garden. Stairs from the lobby rise up to a lofty first floor studio/office with laminate wood flooring, a Belfast sink and a door leading through to the main house.

From the sitting room stairs rise up to the first floor landing which has an airing cupboard with a tank and shelving, and a separate cupboard with shelving. There are three double bedrooms, one of which has an inglenook fireplace (not in use) with fitted shelving. A fourth bedroom has a built-in cupboard, and a door through to the barn first floor studio/office. The family bathroom has a bath with mixer shower taps, a pedestal basin, wc and heated towel rail.

OUTSIDE

A stoned driveway with parking and turning space leads on to a detached timber workshop (19'9" x 16'6") with a fibreboard roof, power and light. The south facing garden is mostly laid to lawn with mature trees, shrubs and flowers, a well, two timber garden sheds, open fronted log storage and a timber lean-to store shed attached to the end of the barn.

SERVICES

Mains water, drainage and electricity.
Oil fired central heating. Solar pre-heated water.
